DEEP WATER (High Intensity)

This class is a suspended class and can be done with or without the use of a flotation belt. It combines deep/shallow water travel, cardio, sprints, cycling, strength training and core.

FUN & FIT JR. (Children ages 7+)

This 30-minute class combines exercise and games in the water to create a fun environment for kids.

BENEFITS

Water Fitness Classes are a great alternative for or supplement to land classes because they place less impact on the joints, allow for a larger, full range of motion of the muscles, and provide for stability for those with limited balance. The warm water can also aid in pain management. The best thing for participants about water classes is that everyone works at their own pace!
