Special Needs

Five Points has excellent lesson instructors who have experience working with children with special needs. To better accommodate your child, please provide any information that might be helpful to the instructor.

Cognitive limitations ☐ Physical Limitations ☐ Social/developmental concerns ☐ Fear of water/past traumatic event ☐

If yes for any of the above, please explain in detail: _____

Other medical concerns or special notes for the instructor: _____

Once you have requested lessons, you will be contacted by the manager, then we will pair you with an instructor who will contact you to schedule lessons. When there are many requests, it may take some time to find an available instructor, especially if you indicate a very limited availability.

If you have multiple children and would like private lessons, they will be paired with the same instructor for back-to-back lessons. Children enrolled for semi-privates should be on similar skill levels.
